

Story Search

Invite kids to turn Story Search on the second page of the leaflet. Ask a volunteer to read the instructions out loud. **The number in front of the clue is the verse in Matthew 17 where you will find the answer. Once you find the answer, write that word on the blank behind the clue. Once you have filled in all the blanks, try to find those words in the word search. Any questions?** If you are short of time allow kids to work with a partner.
